Military Burials during War time are difficult to track.

I have discovered a booklet and a film that details the process of moving Burials from various locations to National Cemeteries.

"Statement of the disposition of some of the bodies of deceased Union soldiers and prisoners of war whose remains have been removed to national cemeteries in the southern and western states"; v. 01-04 [Missouri = Pages 25-26]

Creator: United States. Army. Quartermaster General's Office

The Works of Sherman Lee Pompey

During the 1960's and 1970's, a Gentleman named Sherman Lee Pompey did a lot of Military Research: Quite a few of his works can be found in the FS Catalog: The focus of his research seems to surround the Civil War

along with the Cavalry and Infantry Troops who were involved.

There are a lot of Burial Records for those who fought and lost their lives from one cause or another.

[Here are three pages of Books that contain Military Information: The file is a searchable & linked pdf.](#)

"Ancient Faces"

This was a project unique to the MOGenWeb. I have found this type of information on other County Pages.

However, the format used for the construction of the pages does not lend it self to clean-up very well.

Additionally, since the contributions are, for the most part well over 10 years old, the contact email addies are invalid.

[The Old RW File is here, Static and the email links are invalid.](#) It is being included here because there are some nice photos.
